

The big joined-up eHospital Electronic Patient Record Showcase

If you missed the Big Joined-up EPR Showcase on 13 May 2014 don't worry as further dates have now been arranged for you and your colleagues to see an end-to-end patient journey using our tailor-made electronic patient record that goes live in October 2014.

16 June

10am

William Harvey Lecture Theatre

1 July

10am

William Harvey Lecture Theatre

17 July

12pm

William Harvey Lecture Theatre

These showcases will follow a patient presenting at ED with a suspected fractured neck of femur, through radiology, back to ED, admission to a ward, to theatre, through recovery, back to the ward, on to a successful discharge home and then to an outpatient appointment a few weeks later.

Come along to see what eHospital will do for you.
